MSDS PRODUCT INFORMATION

Date: 10/07/2005

To: MSDS Requester

From: 3E Company

Subject: The MSDS you have requested

[] MSDS NOT REQUIRED

In response to your request for a Material Safety Data Sheet, according to the OSHA Hazard Communicatin Standard (Right-to-Know), the following item is an article. Articles are defined in 29 CFR 1910.1200(c). Products such as Drugs, cosmetics, food, or alcoholic beverages, wood or wood products, and tobacco or tobacco products, as defined in 29 CFR1910.1200(b)(6), are exempt from the Hazard Communication Standard. Items that are considered articles, as defined in 29 CFR 1910.1200(c), are also exempt from this Standard. Therefore, the manufacturer is not required to provide an MSDS for this product.

[X] MSDS DISCONTINUED PRODUCT

In response to your request for a Material Safety Data Sheet, the manufacturer has discontinued the product listed below. The MSDS Attached is the most current version, or an MSDS is no longer available.

[] MSDS BEST COPY AVAILABLE

The MSDS attached is the best copy available from the manufacturer.

[] MANUFACTURER NO LONGER IN BUSINESS

In response to your request for a Material Safety Data Sheet, a current MSDS could not be obtained for this product. It has been determined that the manufacturer listed below is no longer in business. A current address and phone number could not be located.

Manufacturer: Flecto Co.

Product Name: Watco Danish Oil Finishes 651 thru 659 (DISCONITINUED)

Material Safety Data Sheet

Section 1. C	dendeal@redbegar	ic Company Identification		Hillings of the second of the
Common Name	Watco® Danis	sh Oil Finish	Code	Watco® Danish Oil Finish Products 651 - 659
Supplier	The Flecto Company, I	nr	- MSDS#	March 1998
ouppner	1000 45th Street Oakland, California 94		TSCA Inventory	All the ingredients are on the TSCA list.
			Validation Date	3/2/98
Synonym	651-02 thru 659-02	VOC <350 g/l (2,9 lbs/gal)	Print Date	3/2/98
Trade name	March 1998

Manufacturer	The Flecto Company, I 1000 45th Street Oakland, California 94			-635-3286

Name	CAS#	% by Weight	? LV/PEL	LC _{so} /LD _{so}
Mineral Spirits	064742478	<40.0	TWA: 100 (ppm)	Not available.
Light aromatic solvent naphtha (petroleum)	064742956	<3.0	TWA: 50 (opm) from OSHA	Not available.
Solvent naphtha petroleum, medium allphatic	064742887	<1.0	Not available.	Not available.
Methyl ethyl ketoxime	000096297	<0.6	Not available.	Not available.

Section 3. Hazaro	SEIGEONNICALION
Emergency Overview	May cause eye initation. May cause skin initation. May be harmful or fatal if swallowed. Danger! Spontaneous combustion hazard. (See Section 5 under Special Remarks on Fire Hazards.)
Potential Acute Health Effects	Hazardous in case of eye contact (irritant), of ingestion, of inhalation. Slightly hazardous in case of skin contact (irritant).
Potential Chronic Health Effects	Non-sensitizer for skin. Non-permeator by skin. CARCINOGENIC EFFECTS: Not available. MUTAGENIC EFFECTS: Not available. TERATOGENIC EFFECTS: Not available. DEVELOPMENTAL TOXICITY: Not available.
Target Organs:	Not available.
Routes of Entry	Eye contact. Inhalation. Ingestion.
Medical Conditions Aggravated by Overexposare:	There is no known effect from chronic exposure to this product. Repeated or prolonged exposure is not known to aggravate medical condition.
Signs and Symptoms of Overexposure:	Not available.

Eye Contact	Check for and remove any contact lenses. IMMEDIATELY flush eyes with running water for at least 15 minutes, keeping eyelids open. COLD water may be used. DO NOT use an eye ointment. Seek medical attention.			
Skin Contact	Gently and thoroughly wash the contaminated skin with running water and non-abrasive soap. Be particularly careful to clean folds, crevices, creases and groin. COLD water may be used. Cover the irritated skin with an emollient. If irritation persists, seek medical attention. Wash contaminated clothing before reusing.			
Hazardons Skin Contact	Wash with a disinfectant soap and cover the contaminated skin with an anti-bacterial cream. Seek medical attention.			
Inhalation	Allow the victim to rest in a well ventilated area. Seek immediate medical attention.			
Hazardous Inhalation	Evacuate the victim to a safe area as soon as possible. Loosen tight clothing such as a collar, tie, belt or waistband. If breathing is difficult, administer oxygen. If the victim is not breathing, perform mouth-to-mouth resuscitation.			
Ingestion	DO NOT induce vomiting. Examine the lips and mouth to ascertain whether the tissues are damaged, a possible indication that the toxic material was ingested; the absence of such signs, however, is not conclusive. Loosen tight clothing such as a collar, tie, belt or waistband. If the victim is not breathing, perform mouth-to-mouth resuscitation. Seek immediate medical attention.			
Hazardous Ingestion	No additional information.			

Section 5. Fire and	
Flammability of the Product	Combustible.
Auto-Ignition Temperature	The lowest known value is 218°C (424.4°F) (Mineral Spirits).
Flash Points	CLOSED CUP: Between 37.8°C (100°F) and 61°C (142°F) (Setaflash.).
Flammable Limits	The greatest known range is LOWER: 1.1% UFPER: 6% (Mineral Spirits)
Products of Combustion	These products are carbon oxides (CO, CO2), nitrogen oxides (NO, NO2)
Fire Hazards in Presence of Various Substances	Flammable in presence of open flames and sparks.
Explosion Hazards in Presence of Various Substances	No danger known.
Fire Fighting Media and Instructions	SMALL FIRE: Use DRY chemicals, CO2, water spray or foam. LARGE FIRE: Use water spray, fog or foam. DO NOT use water jet.
Special Remarks on Fire Hazards	Rags, steel wool or waste soaked with Watco® Exterior Wood Finish may spontaneously catch fire if improperly discarded. Immediately after each use, place rags steel wool or waste in a sealed water-filled metal container for disposal.
Special Remarks on Explosion Hazards	No additional remark.

Section 6. A	cidental Release Measures
Small Spill	Mop up, or absorb with an inert DRY material and place in an appropriate waste disposal container. Danger! Rags, steel wool or waste soaked with Watco® Exterior Wood Finish may spontaneously catch fire if improperly discarded. Immediately after each use, place rags steel wool or waste in a sealed water-filled metal container for disposal.
Large Spill	Combustible material. Keep away from heat. Keep away from sources of ignition. Stop leak if without risk. Be careful that the product is not present at a concentration level above TLV. Check TLV on the MSDS and with local authorities.

Section 7. F	andling are Storage
Handling	After handling, always wash hands thoroughly with soap and water.
Storage	Keep container dry. Ground all equipment containing material. Keep container tightly closed. Keep in a cool, well-ventilated place. Combustible materials should be stored away from extreme heat and away from strong oxidizing agents.

Section 8. Exposur	e Controlsii		
Engineering Controls Provide exhaust ventilation or other engineering controls to keep the airborne concentration vapors below their respective threshold limit value. Ensure that eyewash stations and satisfactors are proximal to the work-station location.			
	Lab coat. Vapo (impervious). S		Be sure to use a MSHA approved respirator or equivalent. Gloves
of a Large Spill apparatus sho		ld be used to	Vapor respirator. Boots. Gloves. A self contained breathing avoid inhalation of the product. Suggested protective clothing might ecialist BEFORE handling this product.
